CITY CRIMINAL CALENDAR.

Wife Beaters - Fast Driving - Alleged Larceny - Potato Thieves - Running over a Child - Robbing his Employer.

The list of the modern order of wife beaters is increasing at a very rapid rate. To-day we find occasion to report two of these. One B. H. H. Edwards, living at No. 213 Carleton street, who is a music teacher, was before Alderman Pancoast yesterday, charged on the oath of his wife with having maltreated her. The allegation was that, not being able to sing in first-class style yesterday, while he was instructing her, he struck her. The Alderman held him in \$500 to answer. The other was the case of one James Dougherty, who resides at Front and Chestnut streets. The wife, who is at the Hospital, recites the story of his wrong-doings, and says that yesterday they got into a quarrel, which terminated in his first beating his wife with his fist and then cutting her with a knife. Witnesses are arrested, and suddenly committed by Alderman Titterton.

John McGittigan is the owner of an animal, which he boasts of as a fast nag. Yesterday he was captured in Germantown, and taken to the seventh streets, while driving at a furious rate. After coming to, the policeman jumped into the wagon, and soon had evidence why John was going at such a rapid pace. There were two barrels of whisky in the wagon, and the driver had fired him for fast driving, and then held him for a hearing before the United States Commissioner, where he will have a chance of explaining how he came in possession of the liquor.

William Hilllager was overhauled last evening at Front and Vine streets with a box of pepper in his possession, of which he could render no satisfactory explanation. The policeman took him into custody, and took him to a hearing before Alderman Toland, who suspecting that he had stolen the article from some spice mill, held him for a further hearing.

The police of the Second District yesterday arrested James Dougherty and Charles Dougherty, who are charged with stealing potatoes from the farmers along South street. Alderman Titterton committed both for trial.

A little girl, aged six years, yesterday afternoon was run over at Fifth and Race streets by a milk wagon. Day Sergeant Reese happening in the vicinity, arrested Archibald Anderson, the driver of the vehicle, and took him before Alderman Williams, who bound him over for a further hearing.

William Harris was yesterday before Alderman Luwgre, of the Twenty-fourth Ward, on the charge of removing some money from a coat, the property of his employer. The policeman in charge of the case, Philadelphia, it is alleged that he stole the money from the coat, which was hanging in the office. He was sent below for trial.

THE NINETEENTH WARD OUTRAGE.—During last evening and this morning the residence of Mrs. Mohrman, mother of the little Mary, who was yesterday found in a pool at Sixth and South-streets, and who had been thrown from a carriage after having been outraged and murdered, was visited by thousands of sympathizing friends, who expressed their anxiety to catch hold of the fiend who had perpetrated the outrage. Many of them are in such a state that did they find him they would lynch him.

There are no additional facts elicited since our issue of yesterday, except the testimony of Dr. M. B. Shippleigh, the Conocer's physician, who made a post-mortem examination of the body. That examination showed it at the lower part of the body had been terribly lacerated in the fiend's attempt at outrage. The surgeon also found a great quantity of blood, which had been dried and crusted over the wound.

There has been much dissatisfaction manifested at the course pursued yesterday by the Chief of the Detective force, in not proceeding at once to the scene of the diabolical crime with his entire force, instead of sending only two men to work up the case. However, the Mayor this morning took the matter in charge and sent the most experienced of the detectives to the spot with instructions to use the utmost care and to ferret out the author of this horrible crime.

Coroner Daniels has decided to commence an investigation in the matter on Friday morning next, at 10 o'clock, at the Eleventh District Station.

MULTUM IN PARVO.—The political pot is beginning to boil quite hotly, and the "Conspirators" and "Eads" are still straining every nerve to get at the top of the heap. Flag-raising, torch-light parades, and mass meetings are all the rage. The wire-pullers are already busy, and corruption-money is floating about. The contest waxing warm.

Mr. Brown has returned to the city. He didn't like the country. Says it is a good place for cows and calves, and such like, but regards the city as the best place for man and woman to live in. He seems to ignore the fact that a great many calves live in cities. Perhaps he is reticent on personal grounds.

Money is a good thing—but it isn't everything. Hence, the "Conspirators" and "Eads" are still straining every nerve to get at the top of the heap. THE AMERICAN PHARMACEUTICAL ASSOCIATION.

The deliberations of this body were resumed this morning at 10 o'clock. R. J. Brown, Esq., of Kansas, in the chair, called the meeting to order. The minutes of yesterday's session were read and approved.

The Treasurer presented a report, exhibiting that after paying all bills, there was still on hand a balance of \$600. Last year on his roll he had the names of 722 members, since then 412 have dissolved their connection with the Association. The receipts since the last report were stated to be \$715.48, expenditures \$115.48.

The report was accepted, and referred to the Auditing Committee. The Committee appointed on Monday to nominate officers for the ensuing year reported the following: President—Edwin P. Foster, Philadelphia; Vice-Presidents—Ferdinand Briggman, Wilmington, Del.; M. S. Wyrne, Cincinnati, Ohio; Albert E. Hunt, Chicago, Ill.; Treasurer—Charles A. Tuttle, Dover, N. H.; Permanent Secretary—John M. Malin, Philadelphia; Executive Committee—Thomas S. Wiegand, Philadelphia; P. W. Bedford, New York; Charles A. Heald, Lancaster, Pa.; Thomas M. Jones, Lawrenceville, Ky.; Prof. John M. Malin, 22 o'clock.

Committee on the Progress of Pharmacy—Frederic H. Allen, New York; Dr. P. Maria, Chicago, Ill.; Lewis Debar, Baltimore, Md.; G. F. H. Markus, Boston, Mass. Committee on the Drug Market—H. A. Gilchrist, N. Y.; Charles Ballock, Philadelphia; Henry H. Fisher, Philadelphia; P. North, Baltimore; Isaac T. Campbell, Boston.

Committee on Scientific Queries—William Proctor, Jr., Philadelphia; George G. Chase, Brooklyn, N. Y.; Graham, Philadelphia. Business Committee—A. B. Taylor, Philadelphia; John P. Hancock, Baltimore; and Chicago. Permanent Commission Pharmacopoeia—William Proctor, Jr., A. B. Taylor.

The Auditing Committee reported that they had examined the Treasurer's accounts, and found them all correct. The minutes of the meeting were read and approved, and a motion was introduced, and made a brief address, retaining his thanks to the Convention for the honor tendered him and promising to do all in his power to further the interests of the Association.

Professor Robbins of New York city, then read the report of the Drug Market Committee. It was read in the most elaborate style, and was replete with facts and figures about the business of the drug trade. After some discussion, a committee was appointed to deliberate upon certain sections of the report (alleged to express the opinions of the Association) with instructions to report this afternoon.

Ordered that the next business of the morning be the reading of the paper by Dr. Squibb. Adjourned to 2 o'clock this afternoon.

DICKINSON COLLEGE—ELECTION OF A PRESIDENT.—The Rev. R. L. Dashiell, D. D., of Orange, N. J., Newark Conference, M. E. Church, was elected by the Board of Trustees at an adjourned meeting, held at No. 1018 Arch street, in this city, yesterday, 8th instant, to the Presidency of Dickinson College, to fill the place of the late H. M. Johnson, D. D., deceased. The new President is a native of the Eastern shore of Maryland, being born at Salisbury about the year 1825 or 1826. He is a graduate of this institution, and of the class of 1846. Having taken the highest honors, he entered the Baltimore Annual Conference in the spring of 1848. His career as a minister has been most successful, filling the first pulpits of the denomination. He writes to his position, rare powers of mind, and being well and favorably known throughout the patronizing conferences, his connection with this time-honored institution will contribute greatly to its continued and increasing prosperity. The election was unanimous.

'THE MIRROR.'—The Soldiers' and Sailors' State Central Committee has just issued the first number of The Mirror, a pictorial paper that is intended for gratuitous circulation through the State. It contains a faithful picture of General Grant, an allegorical representation of the situation, and a cartoon of out, showing what the Union prize would be if Andersonville, and what the Rebels gained by it.

RUN OVER.—Simon Hill, colored, while seated on a cartload of boards this morning, fell into the street at Tenth and Race streets, and the wheel passed over his left foot, which was terribly crushed.

LOGAN. The General Summing Up the Issues. In a recent speech, in Illinois, General Logan closed as follows:— Now, my fellow-citizens, I desire to read for my conclusion some extracts I have prepared, which, I think, sums up this whole question in a nutshell:—

Why the Democratic party should not be trusted. The Democratic party forces upon the country and the Republican administration the expenditure of more than \$4,000,000,000 from the Treasury.

Second. That the rebellion was begun for the express purpose of overthrowing Republican institutions and establishing upon their ruins a slaveholding oligarchy, and that all the burdens of taxation, past, present and prospective, are the necessary consequence of a Democratic rebellion.

Third. The vast sacrifice of life on the battlefield, and in the hospitals and prisons, is justly due to the treasonable action and purposes of the Democratic leaders.

Fourth. That in the preparation of this Rebellion the whole power of the last Democratic administration was exhausted, the public treasury plundered, the army disbanded, and the nation placed under the command of traitors and carried beyond the reach of the incoming administration, and within the borders of the contemplated revolutionary government.

Fifth. That all these acts were done in obedience to the orders of the Democratic conspirators, and by the advice and with the approval of the Democratic leaders, in every section of the country.

Sixth. These same leaders, by their public orators and press, declared it to be their settled policy that Democratic success should restore to the late Democrats and rebels in arms supremacy in the Government of the nation, and that all that was lost by rebel defeat on the battlefield should be regained by the election of a Democratic candidate.

Seventh. That these same leaders, by their public orators and press, declared it to be their settled policy that Democratic success should restore to the late Democrats and rebels in arms supremacy in the Government of the nation, and that all that was lost by rebel defeat on the battlefield should be regained by the election of a Democratic candidate.
